Virtual Workshop: Variant Detection

May 20-22, 2025
10:00 am - 2:00 pm EST

Ready to dive into the world of variant detection?
Join our virtual workshop and gain hands-on experience
with genome preparation, sequencing quality control,
sequence alignment, and variant detection using Freebayes,
GATK, and bcftools. You'll also learn about functional
annotation and data visualization!

💰 Cost: $500 ($400 for UConn affiliates)
📍 Where: Live Sessions via Zoom | Recordings distributed
🔗 Register now: https://bioinformatics.uconn.edu/cbc-workshops/
