

# Virtual ChIP-Seq / ATAC-Seq Workshop

---

**October 28-30, 2025**  
**10:00 am - 2:00 pm EST**

Ready to explore chromatin dynamics?  
Join our virtual ChIP-Seq / ATAC-Seq workshop and  
gain hands-on experience analyzing DNA-protein  
interactions and chromatin accessibility. Learn  
quality control, peak calling, and downstream  
analysis while working with real experimental  
datasets. Perfect for researchers of all levels — no  
prior bioinformatics experience required!

---

💰 Cost: \$500 (\$400 for UConn affiliates)

📍 Where: Live Sessions via Zoom | Recordings distributed
